

Invacare® | *True Track® Plus*

NEW

5 year warranty

Go further and faster in total control

The new generation **True Track Plus** motor gives more driving range and power for clients who want the best performance in speed and control. **True Track Plus** immediately responds to the client's commands and provides more freedom in driving by easily and smoothly overcoming obstacles. Clients will appreciate the speed and discretion that comes with this silent motor.

Yes, you can.®

Features and Options

Unrivalled efficiency, power and torque

Improved efficiency gives more range and power, with easier slope climbing at slower speeds with up to 40% more torque!

Power and immediate response are maximised for clients of all levels of experience, with many options of driver controls so more experienced clients can enjoy a faster and more dynamic drive.

Absolutely silent and maintenance free

No friction, no wearing parts, no carbon brushes – no maintenance.

This option completely removes the noise and vibrations that occur on conventional geared motors. The gearless, brushless motor provides maximum discretion for the customer.

Speed choice

Adapt to your client's needs and easily programme all speed choices without loss of torque.

Smarter design

The latest in engineering means the **True Track Plus** motors are high performance and maintenance free.

ACS2 controls

ACS2 controls offer a number of input options.

True Track Plus is available for *Invacare Storm^{®4} X-plore*.
